Seeking Clarification

On May 14, 2026, the honorable court ordered that respondents shall file a further status report on/before May 18, 2026, updating the court on my status. Today is May 29, 2026, and I have not heard anything regarding this order. Did the respondents file the status report on May 18, 2026, or fail to do so? It has been 7 ½ months since my order of removal and yet I am still in ICE detention.
