

IN UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF GEORGIA

BADRA KABA
Petitioner,

Vs.

Case NO. 4:25-CV-00032

ICE BRYAN COUNTY, GA
Respondents,

"OBJECTION TO MAGISTRATE JUDGE'S REPORT AND
RECOMMENDATIONS"

COMES NOW before petitioner Badra Kaba, file his objections to Magistrate Judge's Report and Recommendations.

This Report and Recommendations is full of Confusion, and distractions to the petitioner's request for habeas Corpus and multiple motions.

The words "UNKNOWN" is a confusion to my petition and motions to this honorable Court.

There's no clear pending case at Bryan County Superior Court except long incarcerations without a Due Process.

The arrest in 27th of November, 2018 was a violation of constitutional Rights, By presenting a false sworn "AFFIDAVIT" by the arresting officer.

All the petitioner is requesting from Bryan County and this honorable District Court is a fair and impartial process.

As of 20th day of February all documents from the Amended Petition to the multiples motions clearly mention the Respondents by ICE, BRYAN COUNTY (GA)

This Report and Recommendations should be considered defective and unofficial for not citing the Respondent's name.

ICE should not be involved in the case where a defendant has not been found guilty of charges. BRYAN COUNTY (GA) should conduct a fair and impartial process, free from any violation of Due Process and Respect of Constitutional Rights.

The petitioner prays that this honorable Court give a full consideration to his objections.

This 22th day of April, 2025

Notary:

RESPECTFULLY SUBMITTED
