Dear Judge ,

I awaited since May 2nd 2025 for the answer from the respondent and it is not a huge surprise that he didn't address neither to the Court nor to me that notice yet . Tomorrow will be the last chance as he got 21 days to submit what he was ordered for . It is exactly what I expected , which means I already knew that the respondent would not answer on time as he doesn't have a lot of acceptable arguments to keep me as much time inside the facility . The only argument that he may use is the one saying I am an Alien without any legal Immigration status but I claimed and reported many times the reasons I got an Illegal Immigration status (due the threats and the Illegal cancellation of my Visa from the Ice Officers in Fort Lauderdale on October 16th 2024) . The second explanation for which I am currently Illegal is because I was Indigent when I started my Visa Student request by my USCIS account online and I didn't have the necessary funds to pay that Visa . As I remember , being Indigent in United States is not a crime...

Since that Time I provided all the evidences and Medical reports stating that I am not a danger for US Community . I pledged also that I won't try to flee DHS and that I was cooperating with US authorities for my Removal proceedings and to fix my Immigration problem . Homeland Security Officers have never mailed to me any warning nor any other additional notices to advise me that I could be detained for that problem and if we refer to the Immigration laws : arresting and detaining an Alien for several months just for a lack of Immigration Status has never been admitted from US Constitution and if they don't have any charge against me , they were not supposed to arrest me at home on January 10th 2025 when I was quietly taking my breakfast , eating an apple and drinking some coffee , it was not an attempt to the safety of general population .

Despite the Officers from Homeland Security didn't have any good reason to arrest me , they are unwilling to cooperate with me as I asked them many times to mail me some documentation and a notice mentioning exactly what I got arrested for ? Why did they not mail to me any notice of warning prior to arresting me ? Why did my french Officer not take any action to help me with my case ? (the one from Miami) Why did the Ice Officers not in Atlanta give me a removal notice to sign within my audition on January 10th 2025 if they were willing to deport me from United States ? Why did they revoke my Visa on October 16th 2024 saying I cannot work in United states with the Visa waiver program if USCIS Officers approved my work authorization permit a short time after this ? Why am I treated like a criminal , preventing from my freedom and most of my human rights since January 10th 2025 ? Why did they not respect the legal delay of 90 days according to the section in INA 241 (a) and 237 (a) ?
