Director for Enforcement and Removal )  
Operations, et al )  
Respondent. )  
\_\_\_\_\_ )

Civil Action No. 1:25-cv-11278-PBS

### Status Report

The criminal matter has been referred to juvenile diversion and the charges are going to be dropped; we are waiting for the final paperwork from the District Attorney's Office so that we can finish the process of getting O.L.P. released from custody and returned to the custody of his Guardian. Sadly, the Defendant Department of Health and Human Services is making this more difficult because they are demanding that the Guardian go through more rigorous background security checks before they release the juvenile to her custody, even though she already went through this exact same background security check previously.

O.L.G.
