PETITION

MOTION FOR JUDICIALLY REVIEW IN HABEAS CORPUS AND RELEASE

I, Patrick Starzenski A [REDACTED] am applying this motion/request for "Judical Review in Habeas Corpus" of my "Final Administrative Removal Order" from April 24, 2025. My motion is prepared and applied, because I am not a person who is described in the mentioned order, which contain not real, factual, correct and full occurring information.

Background and circumstances of this Motion:

- At 24 April 2025, ICE Officer detained me by mistake, and later unreasonable and without legal reason (knowingly) ordered to take me into the custody, and after 2 days of traveling, since night Friday April 25, 2025 begun held me in the custody in Core Civic facility located on the 20 Hobo Fork Rd, in Natchez, MS 39120.
- Officer, make his order basing it on the information that I entered USA at the July 5, 2024 due to my VWP, and on that I remained in USA despite VWP was expired since October 1, 2024, by what I violated the U.S. law. (which are not real and factual circumstances of my presence)
- ICE Officer supported his accusation and order by argumentation, that I have no authorization to remain and be present in the United States from Immigration and Naturalization Service or from its successor Department of Homeland Security.
- ICE officer despite being informed about its mistake, refused to include in documentation real circumstances, my real reason and permission to be present, and fact that USCIS/DHS permitted and authorized me to remain legally, and to work in the USA.

Explanation

- I have pending affirmative I-589. My application was submitted and accepted by USCIS/DHS at the July 16, 2024 (11 days after my arrive, when I received from USCIS/DHS a notice confirming that, my application was accepted.
- After received notice from USCIS that my application was approved, I (conform with procedures) contacted local field office, and because of my situation, I was requesting for expedite of my case.
- At the August 2024, I was scheduled and I appeared conform with appointment for collect my biometric information (my fingerprints, photos, other information)
- In latter time, because I was waiting, and because of my situation, I was asking field office and local charities organizations for support me and possibility for apply for Employment Authorization earlier than after EAD clock (it means before 180 days clock), but because of office was unable to support my request, I did apply for work authorization after 150 days, and I requested for expedite of my request, because of my situation.
- At the January 14, 2025, after accepted my expedite request, USCIS/DHS authorized me to legally work in the USA, basing it on my I-589 form and my pending case.
- Later USCIS/DHS issued for me EAD card (my Employment Authorizaiaon Document Card) and allowed me and issued together with my EAD card my SSN card (my Social Security Number card, which I could not have issued without legal presence in the USA, basing in only on my admission to enter USA, it means VWP). My case I-589 is still pending.
- Next step in my case in an interview with asylum officer who is carrying my case.

Regard to the nature of action and claims

- ICE Officer before bringing me to his office, did not legitimate me properly and did not verified my identity properly, despite being informed that I am legally present in the USA and despite I provided for ICE officer all necessary information he would need to legitimate and verify me.
- During my testimony with ICE officer, I was informing and I was explaining to the ICE officer reason and legal nature and authorization of my presence in the USA (including my affirmative I-589 pending case, and work authorization which is issued by USCIS/DHS). I provided for ICE officer my A-number, my documents, my details, information about my account with USCIS/DHS online system, that I am legally permitted and authorized to work in the USA, and that I did not violate legal nature of my presence in the USA. What I also proved to the ICE officer.
- ICE officer, did refuse to take my explanation into account, he was just discriminate me, and despite having knowledge about his mistake, did put me into the custody completely without reason and without real legal base.

Wrongs in the Law

- ICE officer didn't performed its duties properly and conform with responsibilities, ICE officer didn't took into account factual

 20. ICE Officer did discriminate me because of my origin and who I am, and in this point also violated constitutional rights.

REQUEST FOR RELEASE

Because of happenings and facts which happened to me (which are mentioned in this motion), and because of threats to me, to my life and to my safety affected by that, and completely unreasonable aggression and offenses against me.
