**Re: Character and Fitness Reference for Geudy Reyes**

To Honorable Federal District Court Judge of Rhode Island:

My name is Richard Colon, I am writing this letter as a US Citizen to express my strong support for Geudy Colon Reyes in his immigration case with the US Immigration and Customs Enforcement. It is my sincere belief that Geudy is an exemplary individual whose presence in the United States contributes positively to our community and represents the values of hard work, integrity and compassion.

I am the Father of Geudy Colon Reyes. I am a full time employee with the City of Providence and I am writing this letter in full support of Geudy Reyes as part of his character and fitness. I have had the distinct privilege of knowing Geudy as he is my son and can speak to his professional and personal life, and I can attest to his unwavering integrity, compassion, and deep commitment to his family and community.

Geudy Reyes is not only a devoted father, but a daily example of resilience and service. He is the proud and present father of a young son living with severe non-verbal autism—a responsibility he meets with unmatched dedication, patience, and love. Despite the challenges that come with raising a child with such profound needs, Geudy remains deeply engaged in his son's life, actively supporting his developmental and emotional well-being every single day.

In addition to his role as a father, Geudy is a contractor for some company's in the State and himself as a handyman and contributes meaningfully to our public workforce. Outside of his formal employment, he extends himself further through his work in construction—where he routinely offers his skills to those in need. Whether through discounted services or entirely free labor, Geudy assists low-income families, elderly residents, and struggling individuals who would otherwise be unable to afford vital repairs or improvements to their homes. He does this without fanfare, purely from a place of empathy and civic responsibility.

As a United States citizen and a man of exemplary character I know, Geudy embodies the values of responsibility, humility, and service. His actions consistently reflect a strong moral compass and a heart for justice and community upliftment.

In all respects, I believe Geudy Reyes is a person of outstanding moral character who acts with honesty and purpose in both his personal and professional life. I am confident he will bring these same principles into any endeavor he undertakes.

Please feel free to contact me should you require any further information or clarification.

Sincerely,

**Richard Colon**
