DEPUTY CLERK

This is part of my important request to the ICE officers.

You will be advised in these requests that they have put me in a game cycle to keep me here, travel document process.... Other countries process.... Review case process....again travel document process.... other countries process Review case process.

In each of these processes. They make me wait for a couple months and then put me back in the next process for the same amount of time .

Currently a person has processed same me , He also filed a complaint with HABEAS CORPUS form two months earlier than me, But they entered him in ~~a~~ new game cycle and they want keeping him for some months more.

What I mean is , after this complaint , they might put me in the same game cycle.

Please support me and save me from the ICE police here.

I have sick mother and girlfriend ,they both need my help,i long time didn't send them money.

Thanks time

AMIN RABI HAVI

my request question :

This was mistake and I Edit with the Pen, because Law Librey said "deleted the last your file")
I Pass 180 days process after my order. I need talk with my officer. please set for me one time. Thanks a lot of.

Reply : It is difficult for you to return to your country at this time . we are considering other countries as alternative options . the 180 days is neither a process nor a ruling ; it simply means that the stuff is making a decision on your case and at this moment they are considering other alternative countries. Your country does not provide you with a travel document to return to your country .
