To Whom It May Concern,
U.S. Immigration Custody HQ D.V.

CLERK, U.S. DISTRICT COURT
WESTERN DISTRICT OF TEXAS 12/18/2025
BY [Signature]
DEPUTY CLERK

My name is Heriberto Morales-Jaimes, A  I was detained during one of my yearly supervised check-ins with ICE, and I was not given a clear reason for my detention other than being told that I am a "flight risk."

I have attended every required ICE check-in since 2022. I have now been detained for almost two months, even though I was previously released on my own recognizance in 2022 so I could work toward becoming a legal resident. I also have an approved I-130 and a pending I-131, which shows I am actively trying to follow the legal process.

I am not a flight risk or a danger to the community. I respectfully ask that you review my case and consider releasing me on my own recognizance so I can continue my immigration process at home and return to supporting my family.

Thank you,

Heriberto Morales-Jaimes
