CLERK, U.S. DISTRICT COURT
WESTERN DISTRICT OF TEXAS

BY BT
DEPUTY CLERK

Youssef Camara

South Texas ICE Processing Center

P.O. Box 1222 Pearsall, TX 78061

To Honorable Judge Orlando A. Garcia,

Dear Judge, I am writing you this letter because I have not heard anything from your court since 01/26/26 when the court clerk filed the case. On 02/10/26 your respectful court has acknowledged receiving the Respondents response. Today is 03/02/26 and I still don't have an answer from your court.

A little background about my person: I came in the United States on 10/06/08 legally with an F1 student visa. I went to school here. I went out of status on the Fall semester of 03/2010 not knowing I could not enroll on two online classes in the same semester. The school dropped me out of the course when the semester was almost over and I could not enroll anymore for a physical class. On 2013 ICE contacted me to come down to their Houston office and put me on an Order of Supervision which I diligently checked in every year until Covid 19 when the ICE office got closed. I went to my court hearings with the Immigration Judge when I lost my case and gave me a final deportation order on 5/07/23. I have 2 United States citizens children aged 10 and 9 which were living with me

due to their mother's instability at the time of my arrest.

My dear Judge, I am not perfect, I made some mistakes growing up; I got in trouble with the law a few times, spent less than a day in each one of the cages and pill of them got dismissed by the grace of the lord. As much as being in a detention center far away from my loved ones is a hard pill to swallow, I am thankful today that because of being here for 6 months, I learned to speak Spanish, earned 28 certifications and spent countless of hours reading / learning the immigration law in the law library. I am sincerely proud of myself.

This is the Exchange I am having with the deportation officers. 12/01/25 Tablet request # [REDACTED] I sent officer J. Cruz my background for my P.O.R. (Post order custody review) which was never conducted until 02/05/26 and still no response to it answer was: We are currently awaiting your travel documents from your country; we are not responsible for giving bail or bond. 01/24/25: ICE officer J. Aguilar came and took my picture in order to secure a travel document.

02/04/26: ICE arranged a phone call between my Embassy and I in order to secure a travel document.

02/04/26: After the phone call with the Embassy, ICE officer J. Aguilar called me to ask me whether or not I have a sponsor in case they release me. I said yes, my fiancé is a U.S. citizen and I have 2 U.S. citizens children.

02/04/26: ICE officer J. Aguilar brought a custody review paper and requested me to sign which I did and asked him if I could provide any supporting documents for my release. He said it is not needed.

02/06/26: Tablet request # [REDACTED]: I asked officer J. Aguilar if they conducted the custody review and he responded Negative.

02/16/26 Tablet request # [REDACTED]: I asked officer J. Aguilar about my travel documents if they secured it or not and that I was due another POCR in 90 days since I will have 6 months being in their custody and a list of supporting documents for my release since they didn't give me one on 02/04/26. His response was again No. we are still waiting for a travel document.

02/17/26 Tablet request # [REDACTED]: I asked officer J. Aguilar when will I know about my POCR review, tomorrow will be 2 weeks without an answer. He told me they are still working on my case.

02/17/26 Tablet request # [REDACTED]: I asked officer J. Aguilar if I was going to have another POCR on this one you gave me on 02/04/26 will be used as my late 90 days and 180 days POCR at the same time. His answer to that request was; He doesn't know how would that be handled.

02/25/26 Tablet request # [REDACTED]: I asked officer J. Aguilar if by any chance he heard anything about the determination of my custody review. His reply was no.

02/25/26: Tablet request # [REDACTED]: Do you have any update with the issuance of the travel document. The answer to that question was we are working on it.

Your Honor, there is no significant likelihood of being deported in a foreseeable future. I am asking your court to order Respondents to immediately release me from custody.

Thank you for your consideration and time.
