¹ This Petition was filed on March 16, 2026. Petitioner emailed service to Respondents on March 17, 2026. After discussions among the parties, Petitioner provided proof of service to Respondents. Respondents investigated on their end and found no delivery of such email service. Neither Petitioner nor Respondents have an answer as to why the email shows as delivered on Petitioner's end and not received on Respondents' end. All parties will consult their tech departments to understand better what happened and to ensure this does not happen again in the future.
