

UNITED STATES DISTRICT COURT
MOTION FOR RECONSIDERATION OF CONTINUED
DETENTION AND REQUEST FOR RELEASE.

I fatemeh shokraeiyan a# [REDACTED], respectfully submit this motion requesting reconsideration of my continued detention and renewed review of my release conditions. I previously appeared before the immigration court for a bond hearing.

My bond was denied primarily based on concerns regarding the sponsor documentation that was submitted at that time. This decision was not based on any finding that I am a danger to the community or that I present a flight risk.

I respectfully state that I have no criminal history and have never been convicted of any crime. I do not pose any danger to the community and I am not a flight risk. I am only the opportunity to continue my immigration proceeding in a stable and supervised environment outside of detention.

In support of this motion, I am submitting both my previously provided sponsor package and updated sponsorship materials, this includes additional documentation from an organization that is willing to provide housing, financial assistance, and community support upon my release, the organization has agreed to assist me with living expenses and to provide a stable release plan while my immigration case is pending.

I have been in immigration detention for a prolonged period of time while pursuing my case. During this time, my physical and psychological health has significantly deteriorated.

I suffer from asthma, panic attacks, and worsening psychological distress. The lack of communication with my family abroad has further increased my anxiety and emotional suffering. I have attached medical and psychological documentation supporting my condition. In addition, I was recently transferred to a different housing

unit where living condition are overcrowded , noisy , and unsanitary , with little privacy , I am currently housed with multiple detainees in one room , despite my medical condition , my equest for reasonable accommodation , including assignment to a lower bunk , have not been properly addressed , I also experienced serious difficulties with prior legal representation with negatively affected my ability to fully presebt my case and evidence during earlier proceedings , based on my deteriorating health prolonged detention , lack of criminal history , absence of danger or flight risk , and the availibility of astable sponsorship and release plan , I respectfully request that the court recinsider my continued detention and grant appropriater relief.

Respectfully submitted ,

fatemeh shokraeiyan
