UNITED STATES DISTRICT COURT

NORTHERN DISTRICT OF CALIFORNIA

SAN FRANCISCO DIVISION

YANLING XIE, Petitioner, v. SERGIO ALBARRAN, *et al.*, Respondents,	No. 5:26-cv-07571-EKL **RESPONDENTS' STATUS REPORT**

Pursuant to this Court's order, Dkt. No. 24, Respondents respectfully submit this status report regarding future plans for Petitioner's re-detention.

On information and belief, there are no plans to detain Petitioner in the foreseeable future. As Petitioner's travel document has expired, U.S. Immigration and Customs Enforcement ("ICE") will need to submit a new travel document request to the People's Republic of China, which they plan to do this week. The last travel document request took approximately two months between when the request was submitted and when a travel document was issued. However, undersigned counsel was informed that recent requests have taken anywhere from three to six months.

Petitioner is scheduled to report to the ICE San Francisco Field Office on October 1, 2026, but undersigned counsel was informed that this will be a standard periodic check-in under Petitioner's Order of Supervision. After a new travel document is issued, ICE intends to re-detain Petitioner to execute the removal order, in compliance with the Prior Injunction. *See* Dkt. No. 24 at 2–3 (finding that ICE complied with the Prior Injunction when it detained Petitioner on July 22, 2026).

Respondents cannot provide an anticipated date and time of Petitioner's detention and removal due to the several intervening events that need to occur before that can happen. However, if Petitioner departs the United States on her own in compliance with the removal order, there will be no need for ICE to detain Petitioner to execute the removal order.

Although not requested by the Court, Respondents respectfully provide an update on Petitioner's removal proceedings. The immigration court has not yet ruled on Petitioner's motions to reopen and motion for stay of removal. On September 14, 2026, DHS filed a motion to issue a decision on the pending motions with the immigration court. That motion is also still pending.

DATED: September 28, 2026

Respectfully submitted,
