Petitioner,

v.

WARDEN, STEWART DETENTION CENTER; U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT (ICE); and THE SECRETARY OF THE DEPARTMENT OF HOMELAND SECURITY,
Respondents

Case No. _____

PETITIONER'S EMERGENCY MOTION TO EXPEDITE CONSIDERATION OF PETITION FOR WRIT OF HABEAS CORPUS

Petitioner, **Campo Elías Andrade Duque**, respectfully moves this Honorable Court for an expedited review of his Petition for Writ of Habeas Corpus pursuant to 28 U.S.C. § 2241.

This Motion is based upon the following:

1. Serious Medical Conditions

Petitioner is **66 years old** and suffers from multiple chronic medical conditions, including:

- Type II Diabetes Mellitus;
- Essential Hypertension;
- Hyperlipidemia;
- Chronic urinary problems; and
- Chronic back and spinal pain.

These conditions require continuous medical treatment, prescription medications, regular medical monitoring, and a medically appropriate diabetic diet.

2. Continuing Risk to Petitioner's Health

Petitioner is currently detained at the **Stewart Detention Center**, where he has reported that he is sleeping on a mat instead of a bed and is not consistently receiving meals appropriate for a diabetic patient.

Because of his age and documented medical conditions, continued detention under these circumstances presents a significant risk to his health and well-being.

3. Full Compliance With All Legal Requirements

Before his detention, Petitioner fully complied with every condition imposed by immigration authorities.

He successfully participated in the **Intensive Supervision Appearance Program (ISAP)** by:

- attending every required office appointment;
- complying with every home visit;
- wearing and maintaining the electronic monitoring device;
- notifying ISAP of scheduling conflicts;
- maintaining his residence; and
- remaining available to immigration authorities at all times.

4. Compliance With State Court Proceedings

Petitioner also appeared at every scheduled state court hearing regarding his traffic matters.

He actively worked to obtain his Employment Authorization Document, Social Security Number, and Georgia driver's license.

The state court recognized his cooperation by allowing him to complete community service instead of imposing jail time or substantial monetary penalties.

Before his ICE detention, Petitioner had already arranged to complete those community service hours through his church.

5. No Flight Risk and No Danger to the Community

Petitioner has demonstrated through his actions that he is not a flight risk.

He has:

- maintained the same residence throughout his immigration proceedings;
- appeared for every immigration appointment;
- appeared for every court hearing;
- fully complied with ISAP supervision;
- never attempted to flee or hide from authorities; and
- strong family and community support.

If released, Petitioner will continue residing with his daughter and her family and will comply with every condition imposed by this Court and by the Department of Homeland Security.

6. Humanitarian Considerations

Petitioner's continued detention places extraordinary emotional hardship on his family, including his daughter, son in law, and three grandchildren.

He also has a pending asylum application, and his individual Immigration Court hearing is scheduled for **April 2028**.

Expedited judicial review is necessary to prevent unnecessary deterioration of Petitioner's health while this case remains pending.

CONCLUSION

For all of the foregoing reasons, Petitioner respectfully requests that this Honorable Court:

1. **Grant this Emergency Motion to Expedite;**
2. **Expedite consideration of the Petition for Writ of Habeas Corpus;**
3. Give priority consideration to Petitioner's serious medical condition and humanitarian circumstances;
4. Grant any additional relief that this Court considers just and proper, including any appropriate relief concerning Petitioner's continued detention.

Respectfully submitted,

Campo Elías Andrade Duque
Petitioner
